

**REMARKS**

Claims 1-11 remain in the application. These claims stand subject to a restriction requirement. More specifically, the Examiner restricted the application to one of the following inventions:

Group I, claims(s) 1-5 and 8-11, drawn to an aqueous emulsion with a dispersed phase comprising two components, A and B as defined in claim 1, in a weight ratio of A to B between 1:0.001 and 1:50; and

Group II, claim(s) 6 and 7, drawn to a process for producing an aqueous emulsion in with two components A and B, as defined in claim 1, in the dispersed phase wherein component B does not contain hydrosilation-reactive groups.

In response to this restriction, the Applicant elects Group I, thereby retaining claims 1-5 and 8-11 for prosecution on the merits.

The Commissioner is hereby authorized to charge any additional fees or credit any overpayment to our Deposit Account No. 08-2789.
